DAILY SENTINEL.

WM. E. PELL, Proprietor.

From the New York World.

CHIEF JUSTICE CHASE AND THE PRESIDENCY.

Mr. Chase and his trusted friends do not concede that his claims as a Republican candidate for the Presidency are extinguished by the Ohio election. Time enough has elapsed for pretty mature reflection, and the sails which were reefed during the late storm are again spread, but trimmed in accommodation to the new direction of the wind. We are now solemnly assured that Chief-Justice Chase is one of the most Conservative men in public life! He has been pleased, then, to make a great secret of it. We suppose we shall be still further astonished some bright morning by being told that the *Tribune* and the *Independent*, his forward eulogists, are the most Conservative of our public journals. The Chief Justice has been so coy and maidenly, and the confession is now made with such blushing grace, that there is no telling how many more of these disclaiming beauties may be smitten with a secret passion for naughty Conservatism:

"She never told her love,
But let concealment, like a worm i' the bud,
Feed on her damask cheek."

But the secret is at last out; and we dare say that, in the interval between the Ohio election and the confession, another part of the same description was applicable, and that the unsuspected Conservative "sat like patience on a monument, smiling at grief."

There was copied yesterday into the editorial columns of the *Tribune*, with a few introductory lines fitted to pique curiosity, an article from the Cincinnati *Commercial*, giving Mr. Chase's opinions on current public questions with so much detail and such an air of authority as to convey an impression that the writer was fresh from a consultation with the Chief Justice. The *Tribune* must have regarded the article as authorized, or it would not have made it so conspicuous. We copy the opening paragraphs:

"Many of our Conservative and some of our Radical exchanges have made proclamation since the Ohio election, that the defeat of the Republican party in this State—for the loss of the Constitutional amendment and of the Legislature constitutes substantially a defeat—ends now and forever the Presidential prospects of Judge Chase. Perhaps it does; but there are some points of fact that should be considered, and we propose to name them in the hope of producing wholesome reflection. In the first place, notwithstanding the great reputation as a Radical that Judge Chase has, he is, in temperament and convictions, one of the most truly conservative men in the country. He was the first public man, after the close of the war, and the death of Lincoln, to call the attention of the President to the only solid basis of reconstruction—that is, the enfranchisement of everybody—suffrage for all slaves, amnesty for all rebels, with, perhaps, half a dozen named exceptions. That is what we must come to. The wisest men, of all parties, have admitted it. The policy is that of Judge Chase, and was argued upon President Johnson some time before the date of the North Carolina proclamation. As for the schemes of vengeance in the form of the confiscation of the lands of Southern white men, and their division among the blacks, Judge Chase discountenances them entirely. The notion that Congress should seize upon the President and thrust him, with blows and maledictions, out of office, has never been encouraged by Judge Chase. On the contrary, it was his opinion that no little mischief was done during the late political campaign by the wild threats of summary impeachment that were freely made.

Judge Chase is held responsible for the presentation of the negro suffrage issue in Ohio, during the last campaign. He never urged it. He recognized the fact that while in the Southern States, where the great body of the loyalists were black, negro suffrage was demanded by considerations of the public safety, no such demand was made in the North; and that the Southern whites might, in a great degree, have their prejudices conquered by coupling suffrage with amnesty, while there was no such inducement in the North, to make application of the golden rule.

We do not see that it can be justly claimed that Judge Chase was especially defeated in the failure of the constitutional amendment. That amendment was embarrassed by a clause disfranchising two classes of persons, and that was opposed to his policy. He was solicitous, as the issue was before the people of Ohio, that it should be decided in favor of the enfranchisement of the negro, as it would at any time be easy to remove the restriction proposed upon rebels and deserters.

As to those committed to this doctrine of negro suffrage, nine-tenths of the Republican party of Ohio are committed to it as decidedly as Judge Chase is. If he is to be discriminated against on account of his principles, so are they. Do they propose that the one-tenth are to be made the rulers over the entire household, or shall the majority rule?"

In this attempt to "come the Conservative dodge" there are several things that invite criticism, but we pass them all for the sake of fixing attention upon one prominent aspect. When Chief-Justice Chase runs up Conservative colors, it proves that, in his estimation, there is no further safety to candidates in navigating Radical seas.—We will not look curiously into the quality of his Conservatism; his advocate has made out for him the best consistent with the facts. It was impossible to deny that Mr. Chase favored negro suffrage; but it is asserted that he does not favor universal negro suffrage; that he is no stickler for negro suffrage in the North; that it was against his judgment that the question was submitted in Ohio; that in the South he would try to make negro suffrage palatable by the free pardon and full restoration to political rights of all the rebels. He disapproves of confiscation; disapproves of impeachment; in short, he is against nearly all the measures on which the Radicals have been expending their zeal for the last two years.

The chief value of these disclaimers lies in the implied confession that Radicalism has had its day. If it had in it the elements of reviving vitality the course of Mr. Chase would be different. If Radicalism has any future, he, of all men in the country, is the one to profit by it. When, therefore, he comes before the country with a parade of his Conservatism, it may be taken as a proof that Radicalism is a "lost cause." The strong tendency to nominate a man of doubtful politics like General Grant, a tendency which was manifest five months ago attested a great ebb in the tide; but this new profession of Conservatism by Mr. Chase marks the surprising rapidity with which it has since been running out. When the party spirit of the Republicans has been thus let down, there is no possibility of reviving it in its old vigor. The fact that General Grant's strongest rival, instead of attempting to make his tepid politics contemptible, and to array against him the violent instincts of the Radicals, emulates Grant's Conservatism and bids against him for Conservative support, is the most remarkable demonstration we have yet had of the greatness of the change which is coming over the spirit of our politics. If Radicalism had any chance of winning in the Presidential election, Mr. Chase, as the ablest of the Radicals, would find it for his interest to differ as much as possible from General Grant and trust to the outnumbering strength of the Radical wing of the party to give him the nomination. Instead of this, he virtually confesses that there is no chance for the election of a stiff Radical, and surprises the country by softening down his own politics.

The elections this year prove that there is a great Conservative re-action in the general public mind of the country; the Republican preference for General Grant proves that this re-action has extended far into the Republican party; and now, the profession of Conservatism by Mr. Chase shows that the Radicals are so convinced of the re action that they despair of their cause.

Baltimore and Carolina Grand Trunk

FREIGHT LINE,

THE POWHATAN

Steamboat Company's Freight Line of Steamers,

PETERSBURG AND WELDON,

RALEIGH AND GASTON,

NORTH CAROLINA.

WESTERN NORTH CAROLINA,

WILMINGTON AND WELDON,

ATLANTIC AND NORTH CAROLINA,

WILMINGTON AND MANCHESTER,

CHARLOTTE AND SOUTH CAROLINA R. R.,

And their connections.

Time Quick and Rates Low.

THIS NEW TRUNK LINE FORMS A GREAT FREIGHT ROUTE between Baltimore and Weldon, Warrenton, Raleigh, Hillsboro', Lexington, Salisbury, Morganton, Charlotte, Lincolnton, Goldsboro', Newbern, Beaufort, Wilmington, Chesterville, Winnsboro', Columbia, Sumterville, Manchester, and all intermediate points on and near these great Railways and their connections.

The Powhatan Steamers connect at Petersburg with Petersburg Railway for all points in the Carolinas. Cars are run alongside of Steamers' Wharf and goods transferred with careful handling. Cars are run through without breaking bulk between Petersburg and Raleigh, Charlotte, Goldsboro', Wilmington, &c., &c. This Inland Line possesses many advantages over a Sea Route. Marine risk is small and insurance is comparatively nothing. The Wharf of the Powhatan Steamers being situated in the very centre of the great shipping district of Baltimore, renders it convenient to shippers, and drayage is very small.

Great attention paid to consignments of Cotton, Corn, Wheat, Rosin, &c. &c. All produce forwarded at the lowest possible rates.

☞ To insure transportation over this Inland Fast Line, mark all goods, whether Northward or Southward bound, "Via PETERSBURG."

☞ Freight landed in Baltimore day following delivery to the Steamers.

Through Receipts are given and fixed rate per 100 pounds guaranteed both ways.

☞ Rates in every case same as via Bay Line and Portsmouth to and from Baltimore, Philadelphia and New York.

TICKETS! TICKETS!!

Remember that tickets for candidates for the Convention, and "For a Convention," or "Against a Convention," must constitute but one ticket. This is according to the law. The names of the candidates for the Convention must be on one side of the ticket, and "for a Convention" or "against a Convention" must be on the other side. Candidates and voters must attend to this.

Orders for tickets to any amount, to this office, will be promptly attended to. The cash must accompany the orders. For 1,000 or 2,000 the price will be $2 per thousand. Any number greater than 2,000 will be $1,50 per thousand,—postage pre-paid by us.—Being printed on both sides, they necessarily cost more. Orders should always be for double the number of votes expected to be cast. Many are lost, and our friends must not lose a vote for the want of tickets.

POLITICAL MATTERS IN NORTH CAROLINA.

"From United States Marshal Goodloe, of North Carolina, who arrived here to-day on official business, it is learned that political matters in that State are very unsettled.—There seem to be three parties, one of which, opposed to reconstruction, is led by ex-Senator W. A. Graham, who advises the people to a course of inaction; the other extreme, very radical, has Governor Holden at its head, and he and his friends are seeking to control the colored vote by promising farms from the Government. Between these two is the Union Republican party, mostly composed of old Whigs and the more conservative men of all classes. It seems probable now that the object for which the Convention met will be defeated by the contentions of the different factions."—*Wash. Cor. N. Y. Post.*

We clip the above to say that we do not believe that Marshal Goodloe authorized its publication. It must be a misrepresentation of his conversations. It is not true that Ex-Senator Graham leads a party, who are opposed to reconstruction, or who favor inaction. Gov. Graham, and those who think with him, are as devotedly attached to the Constitution, and as earnestly desire reconstruction and a restoration of the peace and harmony of the Union, as any class of men in the United States. None are more loyal to the Constitution and the Union than they are. But they believe that Reconstruction on the Radical platform will prove utterly destructive to the peace and prosperity of the South, and, consequently, to the harmony of the Union. Gov. Graham believes, as does Mr. Thaddeus Stevens, that the entire Congressional scheme is wholly unconstitutional and utterly subversive of that instrument, and, therefore, he does not advise indifference or inaction towards it, but honest, calm, determined opposition to it.

It is strictly correct to say that the party led by Ex. Prov. Gov. Holden is very Radical, but it is not true that he has publicly promised farms from the government to the colored people, in order to secure their votes. This may be the doctrine taught them in the Leagues and in private conversations. We have reason to believe that farms, "40 acres and a mule," have been promised them by some persons, in some way, because such an idea, at one time, was very common among the colored people; but, so far as we or the public have been informed, Holden has not made any such pledge publicly, and hence, without positive evidence from private sources, we think it unjust to make the charge.

There are, in the State, a number of persons who call themselves, or whom others call, moderate Republicans or Goodloe Republicans. But that they have organized a party, and intend to run opposition candidates to the Holdenite Radicals, there is yet no evidence before the public. Mr. Goodloe's opposition to confiscation, especially, has had the effect of forcing all the Radicals, so far as their public action is known, to deny that they are confiscationists.—Whether this will reconcile the moderate Republicans to vote for the Radical nominees, we cannot say. We have reason, however, to believe, from what we have heard from reliable sources, that some, at least, who have been connected with the moderate Republican movement, have not hesitated to say that, in a choice between the Conservatives and the Holdenite Radicals, they would go with the latter.

If the moderate Republicans design the formation of a party and intend to run candidates, it appears to us it is time they had named their men. Conservatives would not hesitate a moment, in a choice between moderate Republicans and Radicals, to vote for moderate Republicans, but are they not expecting too much, to desire Conservatives to nominate moderate Republicans, in order to give them some one to vote for? The idea is preposterous. We call upon Conservatives not to be caught in that trap. Let the Conservative men nominate honest, sound, good men, who are known to be devoted to the Constitution and the Union, the firm friends of Constitutional liberty, and who are known to be opposed to Radical principles and measures, and then let them stand up to them and elect them, if possible. But where the contest is doubtful, between Conservatism and Radicalism, let the moderate Republicans bring out their own men in time, if they desire Conservative support. In such a case, the Conservatives might decline to run opposition to a moderate Republican, in order to beat a Radical, but there would be no propriety, whatever, in Conservatives nominating a man who had declined to co-operate with the Conservative movement, and who is committed to the interests of the moderate Republicans. and ought to teach the Conservatives of this State several lessons of wisdom. It is plain, that the Conservatives have been beaten, by a decided majority in favor of Radicalism. Quite a number of the Radical delegates elected are colored men. The white vote of the State is 12 or 13,000 greater than that of the colored vote. The returns will show, that there were not 2,000 white Radical votes cast in the State, and yet the colored Radical ticket has succeeded by a majority of 15 in the Convention.

This may be accounted for in two ways: *First*, in the apportionment by Gen. Schofield, it was conceded before the election, that it would likely throw the State in favor of the colored minority by ten votes. The colored vote was well drilled and brought to the polls, and instructed to vote for Convention and the Radical ticket.—The white Radicals were few in number, but active.

Secondly, the Conservatives, being all white nearly, were urged to vote against Convention, but for Conservative delegates. They were beaten by not ten, but fifteen, majority.

Now these facts serve to confirm us in our position, that it is best and safest to go "for Convention." First, because the South has heretofore occupied the undeniable vantage ground, that it has been ready to yield to any demand of the government, which left us the hope of preserving our liberty, our lives and our sacred honor, in order to reconciliation and peace. To go *en masse* against Convention, would be used against us as proof of contumacy and opposition to Union and reconciliation, neither of which would be true, but which the Radicals would be willing to believe. Secondly, to encourage our people not to vote "for Convention," or to vote "against Convention," would most certainly operate to make thousands of them do, what they have done since the war, *not vote at all, and stay away from the polls.*—This would be fatal to the Conservative candidates in this State, as it has been in Virginia. Thousands of white registered voters in Virginia would not go to the polls, when they determined, if they voted at all, to vote against a Convention.

It is well known that, since the war closed, not more than half or two-thirds of the white voters in this State have taken any part in the elections, one way or the other. At any rate, one third of the whites, who were allowed to vote, have never voted at all, since the war.

If the Conservatives succeed, it must be by bringing out a full vote. Nothing short of this can give us success. Whatever may be the decision of the people of North Carolina in regard to the Reconstruction Acts, it is important that it should be an emphatic and full decision of a majority of the people. We beg every Conservative to ponder these facts. If our conclusions are not well founded, we shall be glad to see the error pointed out.

POLL TAXES.

In this State, every man between the ages of 21 and 45 is required to list his head or poll for taxation. The State tax on each head between those ages is only 50 cents, and the several counties assess a small tax on each for county purposes. The propriety and justice of this tax, which is required of each man to aid in the maintenance of the State and county governments it seems to us no man can call in question.

In this State, about 70,000 colored men, over 21 years of age, have been registered as voters. Of this number hardly 10,000 are over 45. Yet the entire number of colored men in this State, between the ages of 21 and 45, do not reach 33,000 who have listed their names for taxes, and perhaps 20,000 only have paid the tax. In Wake county, there are 2,878 colored registered voters, and only 1,297 of these have listed their names for taxes.

Three-fourths of the indictments for criminal offences in the State are against colored people. The costs of the Court system of the State are paid out of these taxes and the tax on property. Ought not the colored people to bear their share of this expense? It would seem so.

RICHMOND.—Every decent man must regret the election of that infamous incendiary, Hunnicutt, in Richmond. The course of Gen. Schofield in ordering the polls to be kept open a third day seems to have excited great surprise. On the two days specified in his Election Order for keeping them open, all had the same chance to vote,—the negroes and whites voting at separate windows; and the object of keeping open the polls another day would seem to have been to allow Hunnicutt and his vile crew to bring in from surrounding counties the crowds of negroes fraudulently registered in Richmond. The scheme succeeded, and the victory fairly won by the whites was thus annulled. The *fiat*, apparently, has gone forth, that these States must be Radicalized and Africanized, by fair means or foul.

THE OLD NORTH STATE.—Our cotemporary of the *Old North State* has a lengthy article, in reply to a little squib of ours, which we designed as a rather humorous reply to some of his insinuations. It applies our conclusion, which was designed entirely as a general remark, and which we supposed would be appropriated by others, to itself. We regret the application our neighbor has made of it. We have entire confidence in his freedom from Radical proclivity or taint, and we are really surprised at the temper which our cotemporary has shown. Its charge of punctiliousness upon us, we did not regard by any means as intended to be offensive, and replied accordingly.

JNO. MINOR BOTTS, who was defeated for the Convention in Culpeper County, Virginia, by the Conservative candidate, received the votes of only seven white men in the county,—and six of these were from "furrin parts."

FLORIDA.—An election is ordered in Florida for the 14th, 15th, and 16th of November next, upon the question of Convention or no Convention, under the Reconstruction acts. Forty-six delegates are to be chosen, and bitter complaints are made that General Pope has so gerrymandered the State that the negroes will have thirty six out of that number. Under this arrangement, the Tallahassee *Floridian* complains that while 1,322 negroes can elect one delegate, 3,304 whites are required to the same end.

In a private letter from a citizen of Middle Florida to one of the editors of the Savannah *News*, allusion is made to the fact that a number of the Bureau agents in that State, animated by the most vindictive feelings of hatred for the whites, are secretly exciting the colored people against their former masters, for the avowed purpose of preventing co-operation by the two races in the election. This is the same policy pursued by Hunnicutt in Virginia, and by the few white Radicals in all the Southern States.

THE MOST favorable sign which we have seen, that good has been done by the recent elections at the North, is the authorized statement of the Cincinnati Republican organ, showing how "Conservative" Mr. Chase is. We ask attention to the article on this subject from the New York *World*, on our first page, this morning.

HARNETT.—A Convention of the Conservatives of this county was held at Lillington, on the 12th. Jno. C. Williams, Esq., presided, and Dr. Wm. M. McNeill was Secretary. The following resolutions, among others, were adopted, viz:

Resolved, That in the main, we approve the administration of Andrew Johnson, our President, and have entire confidence in his ability and patriotism.

Resolved, That we hail the recent glorious victories of the Northern Democrats as auspicious omens of a speedy and complete restoration of the Union and our right of representation.

Resolved, That we present to our fellow citizens Dr Benjamin C. Williams, as a candidate to represent them in the State Convention, should one be called, and we pledge him our hearty and undivided support.

Resolved, That with such a standard bearer, united under the broad banner of the Union and the Constitution, we believe that the Conservatives of Harnett are invincible.

Twenty five delegates were appointed to the Convention proposed to be held in this city at some future day.

DUPLIN.—A large meeting of the Conservatives of Duplin was held in Kenansville on Tuesday. Col. A. A. McKoy, of Sampson, made a very eloquent speech. The Wilmington *Journal* says:

"The Court House was crowded to its utmost capacity, and Col. McKoy's remarks received rapturous applause. Dr. J. W. Blount and John Bryant, Esq., were nominated by acclamation as the Conservative candidates for the State Convention. They are both tried and faithful gentlemen, and if elected, which there is no room for doubt, they will represent the good people of Duplin in a manner worthy of their ancestors.

We hope other counties will follow the example set by Duplin. Let us organize and thus save the old State from the political mountebanks who hope to ride into office upon the backs of the negro."

STATE ITEMS.

——The Superior Court of Craven has been engaged in the trial of an interesting suit. It is a claim against the city for a debt made by the provisional Government of the city, which was appointed by Ex-Prov. Gov. Holden. The provisional government having failed to transfer books and papers to their successors, and having contracted, as is alleged, debts which are not warranted by any civil law, these outstanding claims were not recognized by the late or present city Government. Considerable discussion was had on the subject between Messrs. Manly, Horton, Washington and Justice on the part of the city, and Messrs. Clark, Roberts, and Seymour on the part of the claimant. The Jury returned a verdict for the Plaintiff, who claims $150 for three months service as a Police Sergeant. The counsel for the defence have appealed to the Supreme Court.

——The prodigality with which the Newbern *Republican* uses the prefix "Honorable" is amusing. Col. Heaton, who was, we believe, a member of the Ohio Legislature, once on a time, is "Hon"; a Mr. J. R. French, who is the Radical candidate in Chowan, is "Hon"; and R. W. King, who mounts the back of the negro in Lenoir, is ditto! "Honors are easy."

——Gen. Leach, says the Salisbury *Banner*, "made an able and telling speech at Stokes Court, on Wednesday last, to a large and attentive audience, which was calculated to do great good among those people who had never heard but one side of the question before. The people are getting tired of being whipped around by old party hacks, and show a disposition to think and act for themselves. Conservative stock is looking up in Stokes."

——The Wilmington *Journal* and the Salisbury *Banner* advise the people to vote against a Convention.

——Capt. R. A. Shotwell announces himself, in a stirring and patriotic address, as a candidate for the Convention in Rutherford county. He gives the following as his platform:

"1st. I pledge myself to endeavor to secure the speedy admission of the State to the Union, by conforming our State Constitution and Laws to the requirements of Congress, as set forth in the Reconstruction Acts, as nearly as it can be done without imposing unjust disabilities on our citizens, or ingrafting pernicious and anti-republican principles into our Government and Institutions.

2nd. To oppose Proscription and further disfranchisement, Repudiation, Confiscation and Radicalism of every kind; whether affecting the white or colored race; or any party whatever.

3rd. To favor all measures calculated to advance the welfare of the State, and the Country; to relieve the burdens of the people; to recuperate the losses occasioned by the war; or in any way tend to restore our devastated section to its former peace, prosperity and happiness."

Correspondence of the Sentinel.

MORGANTON, N. C. Oct. 20, 1867.

My last list of doings bore date at Mount Airy, and wound up at Salem. I struck the North Carolina Railroad at High Point. In former times, there was a Plank Road from Fayetteville to Salem. The point at which the North Carolina Railroad crossed this plank road took the ambitious title of High Point. It was then a cross roads; it is now a town, and a growing one at that. It is a healthy and enterprising little town. It is, perhaps, the most extensive dried fruit depot in America. It is to E. A. Vogler, what he is to the interior. The fruit for quite a large number of counties meets here, on its way to the Northern markets.

Your readers may have become weary of Thomasville. They shall not be imposed upon this time with but a single fact.—There now lies in the Thomasville Depot sixty thousand pounds of Copper ore, so rich that a little bag, say half a bushel or so, weighs one hundred and forty (140) pounds. This sixty thousand pounds is to be added to until it reaches eighty thousand pounds, when it is to be taken away by the Railroad. Then, there is an arrangement for supplying twenty seven thousand pounds per month. It comes from the Davidson Copper Mines, and goes to Baltimore. "Come on, MacDuff."

The towns here are thicker than in some places. Thomasville is only seven miles from High Point, and Lexington is but eleven miles from Thomasville; then comes Salisbury, seventeen more.

Lexington lacks something. I hardly know what. I rather surmise that the deficiency is Greenbacks. It severely lacks a Hotel. Maley, who immortalized himself in this business, before the war, has retired and left the public without a *home*.

"LINWOOD."

Halting at Holtsburg, in between Lexington and Salisbury, you soon find yourself at "Linwood," the home of Dr. Holt.—But so beautiful a place is too much for a paragraph; it is food for a chapter.

SALISBURY.

At this point, still pointing westward, I took the right fork of the railroad—the left goes to Charlotte, the right to Morganton. I had but time to observe that the noted Salisbury Prison grounds have been converted into a cotton field. Hardly a trace of the prison remains. Not only cotton, but good cotton, grew there this year.

Brown's Hotel, (the Boyden House,) does credit to Salisbury. It is nearly all a man can wish for. Col. B. is a natural born gentleman. His good lady presides in person, at all meals. The machinery of the dining room, servants and all, moves like clock work. The rooms are all well ventilated. And to crown the Colonel's good sense, the charges are less than the present fashions.

The Mansion House may be as good a hotel, for aught I know. But never having been there, can say nothing.

"A STAVING BUSINESS."

The demand for American barrel and hogshead staves has grown to very great dimensions. They are extensively used for West India Molasses, Rum etc. Our coast supplied vast numbers of these staves, in former times, but the demand has grown, and the trees in the east have been so far exhausted, as to drive the stave getters up inland. They have penetrated the State, until a firm of pioneers, Blount, Stump and Jones, have established themselves in Iredell County, near the Western N. C. R. R. some 20 miles from Salisbury, and are now turning out great quantities of staves. They work, perhaps, seventy five hands. And better than all, the up country staves are of a superior quality, the wood admirably suited for holding liquids. The tree best suited for the purpose is *White* Oak, it being less porous than *Red* Oak, although both are valuable. White oak staves, for liquids, are easily sold at one hundred dollars per thousand, whilst Red Oaks, for Rum, &c., sell at say one half the above.

STATESVILLE.

Ten years ago, Statesville was a plain looking little place; the business houses were ordinary, and it bore the air of a simple county town. But it has grown in importance, and is still growing. The store buildings would rank well with any town in North Carolina. One would infer from the size and grade of the Drug Store, that there was a large grave yard near Statesville. The truth is, however, the locality is the spot for health; high, open and well ventilated. And the medicine business would starve if it depended on Statesville alone. It extends over considerable back country. This is the shipping point for a very extensive territory. I have given you already some idea of this back country, in a letter from Wilkesboro', forty miles westward.

As was remarked by a certain Bishop once, about a certain town, then in the United States, now in District No. 2.—Statesville "is hopelessly given over to the Presbyterians." They have a very handsome Female College there—conducted by Rev. J. M. M Caldwell. And one of the handsomest ornaments of the town, is the Presbyterian Church edifice. In the records of Presbyterianism, Statesville is known as Fourth Creek, by an old custom of naming churches after creeks, Third Creek, Fifth Creek, etc.

"MARSHAL NEY."

In the church yard of one of these Creek Churches, I believe it is Third Creek, I once stood beside the grave of a man who lived and died asserting that he was the veritable Marshal Ney. His own account was, that he was sentenced to death, but that through the interference of friends at Court, the execution was a sham. He was put into a coffin, but, instead of being buried, he was taken to the coast, thence to America, and that he sought the interior for privacy.

Certain it is, they say, he was a martial figure, a fine French scholar. He taught school in Rowan, and always maintained that he was the genuine Marshal Ney.

ITINERANT.

The editor of the Chicot (Arkansas) *Free Press* was arrested on the evening of the 3d inst., by the valiant Provost Marshal of that place, who carried him to Vicksburg for trial on the charge of "burglary with intent to kill." Some body had fired off a gun or pistol in the neighborhood of the Provost's quarters one night, which frightened him into yells of "murder." He thought the "rebellion" was on him. It was, perhaps, the most dangerous place he had ever been in his life. He stood it out on that line; didn't take to the woods, but waited heroically for daylight, then charged his "critter" company through the village and captured the aforesaid editor, Phil. Gatewood, horse, foot, boots and shirts, and bore him off triumphantly to Vicksburg. He ought to go to Boston now and have a public dinner.

We are rather glad to see Parson Brownlow's bid for the Senatorship, and hope he will be elected. He does infinite mischief as Executive of Tennessee—he will do none as Senator at Washington. Supreme where he is now, in Washington his eccentricities will be toned down, and he will be forced to trot in the traces.—*N. Y. Times.*

ARKANSAS.—The number of registered voters is 54,254; of whom the public will be pleased and surprised to learn that 33,047 are whites, and only 21,207 black. So we learn from the New York *Tribune*.

A Card—To the Citizens of Raleigh.

THE UNDERSIGNED BEGS LEAVE TO state that a box of Books, belonging to him, were deposited by the Southern Express Co. in their Office on Fayetteville Street, in the City of Raleigh, with other effects, for safe keeping, in the Spring of '65. This building was entered by Wheeler's Cavalry, the said box opened and its contents scattered around the building, and the most valuable of the books, including Lexicons of the Latin, Greek and Hebrew languages, seem to have been carried off, and are probably in the possession of persons in Raleigh. These works, valuable only to a Scholar and Theologian, contain for the most part, the owner's name. He requests, therefore, that parties having them will return them to Mr. Bates, Office of Southern Express Co., who will remand them to the rightful owner, who will be most thankful to recover them.

THE SENTINEL.

SATURDAY, OCTOBER 26, 1867.

LOCAL DEPARTMENT.

Remember the Conservative Meeting, to-night, at the Court House.

TO THE FRIENDS OF THE SENTINEL.

The excessive scarcity of money, and the large weekly cash expenses of the *Sentinel*, oblige us to urge upon those who are indebted to this office, to remit to us, at once, at least a portion of what is due. Subscribers and advertisers who cannot find it convenient to pay for a year or six months, or the whole amount, would do well to send subscriptions for less time, &c.

NEW ADVERTIMENTS.—Five hundred bushels of Corn and another supply of the celebrated "Cygnet" chewing Tobacco: Pulliam, Jones & Co., Wholesale Grocers, Fayetteville Street.

Agricultural Ware House, Labor-Saving Pump, &c: Mitchell, Allen & Co., Newbern.

Horse Stolen—$50 Reward: A. Toler, Hillsboro'.

MAYOR'S COURT.—Remus Wilson, colored, charged with making an assault upon Polly Ann Flowers, was returned to the County Court.

David Jones, colored, and John Katon, whites, charged with being engaged in an affray on Market Square, were fined, each, $5.

A PETITION.—By some means, the impression has gained general currency that the decision of the Military Commission, recently convened in this City, for the trial of Capt. Tolar and Messrs. Powers and Watkins, for the alleged murder and conspiracy to kill the negro Bebee, who committed the outrage upon the person of Miss Massie, in Fayetteville, in February last, has been adverse to the prisoners, and that they have been sentenced to be hung. If this be so, the proceedings of the Court go up to the President for revision.

Of course, until the official findings of the Court transpire, it cannot be known whether the rumor as to its action is true or not, but the apprehension is great that it is. So universal is the sympathy entertained for the prisoners, and so general is the conviction of the innocence of Capt. Tolar, charged with the actual killing, that petitions are now in circulation, which will be very numerously signed throughout the State, invoking the Executive clemency in their behalf.

We doubt not that all our citizens will gladly embrace the opportunity of signing the one in circulation in this city. We may publish it in our next.

FREEDMEN'S SAVINGS BANK.—We learn that this Bank has been organized by the appointment of the following officers: Directors, W. W. Holden, G. W. Swepson, R. W. Pulliam, J. T. Deweese, (whites,) and James H. Harris, (negro.) W. W. Holden is President, James Harris Vice President, and J. T. Deweese, Secretary.

ORDER BY COL. BOMFORD.—The following timely order has been issued by our Post Commandant. Though only operative, as the order of Col. Bomford, within his special jurisdiction, it makes reference to a Department Order, which is applicable to the entire State. We say that the Order is *timely*. We have heard of no organization of white persons, bearing arms or intending to be armed, in the State, but we *have* heard of such organizations of colored persons, who have paraded and drilled, and disturbed neighborhoods with noisy and even violent demonstrations. An instance has recently occured in this county, under the auspices, it is supposed, of the Union League, and it is this which has doubtless caused the order from Col. Bomford. We do not feel at liberty to refer to the matter, for the present, in view of steps that are being taken to ferret out the actors in these disturbances and prevent their recurrence:

HEADQUARTERS MILITARY POST OF RALEIGH, Raleigh, N. C., Oct. 21, 1867.

CIRCULAR:

The attention of sheriffs, magistrates and other civil officers of the counties comprising this post, is invited to the fact that evil disposed persons are imposing themselves upon the community in various places of this command, particularly in the country, as authorized agents of the government or the State, thus creating much mischief by deceiving, robbing and committing outrages upon the ignorant and unprotected, under this assumed authority, thus fomenting civil discord, and misleading parties in the commission of acts in violation of good order and public tranquility.

"Organizations of white or colored persons bearing arms or intended to be armed, not belonging to the military or naval forces of the United States, are unauthorized and will not be allowed to assemble, parade, patrol, drill, make arrests or exercise any authority. This will not be construed to prohibit the lawful enrolment of the militia." Attention is invited to general orders, No. 7, headquarters department of the South, Charleston, S. C., September 1st, 1868.

Sheriffs, magistrates and other officers, whose duty it is to preserve order and maintain the laws and existing orders of the department and district, will give particular attention to this matter and take necessary measures to break up the organizations and practices alluded to, and, as far as possible, bring the offenders to punishment.

By order of Colonel J. V. BOMFORD:
DAN'L T. WELLS,
1st Lt. 8th Infty, Bvt. Maj., U. S. A.,
Post Adjutant.

DOOMED.—We write this with the conviction firmly fixed in our mind, that the colored race is doomed. Without knowing anything of the result of the election, we have seen and heard enough to know that the negroes of this city have preferred the counsel of vicious and malignant radical emissaries to that of intelligent and respectable gentlemen. They have delibesately determined to array themselves in direct and aggressive antagonism to those in whose welfare and prosperity the well-being of the whole country is directly and necessarily involved.

It requires no Œdipus to solve the problem of their future now. Other laborers will be employed throughout Virginia, to the exclusion of those towards whom all our preferences leaned, but who have placed themselves in direct antagonism to all our interests. Foreigners will soon drive from the State these foolish and short-sighted blacks, who arrogantly hope to control the destinies of the State and shape its future legislation. They will find, when too late, that history is no lie, and that the theory of Northern fanatics, "that a negro is fully equal to a white man," is essentially false. The history of the world fails to furnish an example of a white nation held in subjection by a black, and Virginia will not prove an exception to the rule.

We had hoped, from our hereditary partiality for the colored race, that they would read, in the result of the late elections at the North, the pregnant truth that the people of this country are determined that "white men shall rule America"—but it seems that we are mistaken, and that our hopes are vain. Nothing remains, then, but that the issue which they have invoked shall be met, quietly, dispassionately, but firmly, and the lesson which they invite be unflinchingly taught.

SINGULAR CONDUCT OF NEGRO JURORS.—The fall term of the Court of Common Pleas for Marlboro' District, now in session, convened last Monday—his Honor Judge Glover presiding. In accordance with general orders, a new jury was empanelled on Monday. Two negroes who had paid their taxes were chosen, but as soon as they heard of the fact, they left for parts unknown—one going towards the North Carolina lines, and the other taking the swamp.—*Beaufitville (S. C.) Journal.*

ELECTION IN WEST VIRGINIA—LARGE DEMOCRATIC GAINS.

WHEELING, Oct. 25, M.

The returns from the Legislative elections in West Virginia are very meagre, and indicate a diminishing vote. So far as heard from, the Democrats have made large gains.

The City of Wheeling and Ohio county give 700 Democratic majority.

Brooks County elects the entire Democratic ticket.

Wood, Marshall, Wirt, Berkley and probably Harrison have gone Republican.

WASHINGTON NEWS.

WASHINGTON, Oct. 25—P. M.

The *Tribune* takes the ground that the Attorney General should lead in the prosecution in the Davis trial.

Revenue to-day $556,000.

The matter of the Georgia University was presented to the President, who referred the matter to Gen. Grant, by whom it was referred to Pope. All matters connected with the Districts take the same course, neither the President nor Gen. Grant taking any responsibility beyond referring the matter to the District Commanders. Georgians here are hopeless of any change in Pope's election districts.

Official returns at the Bureau of Statistics show that 5,067,025 acres are planted in Cotton this year, yielding about 1,568,357 bales of 450 lbs each.

MR. DAVIS' TRIAL.

WASHINGTON, Oct. 25—P. M.

A recent dispatch that Mr. Davis would certainly be tried at the approaching term of the Federal Court in Richmond, gave the impression that this determination was arrived at after consultation with the Attorney General. It is reiterated that the Federal Executive has taken no interest in the case since Mr. Davis was delivered to the civil authorities.

Mr Stanbery has given the prosecution, officially, neither direction nor advice.

BROWNLOW ELECTED SENATOR.

NASHVILLE, Oct. 25—P. M.

FROM NEW ORLEANS.

NEW ORLEANS Oct. 25—P. M.

The Hamburg steamer *Bacaria* has arrived with over 300 passengers. This is the first experimental trip, looking to the establishment of a permanent line between New Orleans and Hamburg.

The Steamer *Pizarro* left Branos for this port, on the 20th. ult., and has not since been heard from. It is considered certain that she has gone down with all on board.

THE DEMOCRATS VICTORIOUS.

SAN FRANCISCO, Oct. 25—P. M.

The returns from 54 Counties make the success of Sprague and Fitzgerald, Democrats, certain.

CHOLERA.

PHILADELPHIA, Oct. 25, P. M.

Seven deaths occurred on the *Potomac* yesterday. The disease is undoubtedly maligant Asiatic Cholera.

FOREIGN.

LONDON, Oct. 25—P. M.

Garibaldi has reached the province of Umbria, where he was stopped by the Italians. Nothing has been heard since regarding him.

The London *Times* stigmatizes the course of France towards Italy as cruel and perilous. Its effect will be transient. The Garibaldians must rise, and new enterprizes against Rome are inevitable.

LATER.—A dispatch from Florence says the news is glorious for the cause of Italy. The Government deems it best to suppress the details for the present

It is reported that Napoleon requests a conference with the Great Powers, regarding the Roman question.

Cotton stiffer, with an upward tendency Sales 400 bales, Middling uplands, 18@18½. Receipts 899 bales.

Turning to the indicated page, his industry was rewarded with the discovery that "Serjeant Talfourd said he *had a great mind* to commit the witness for contempt," and that was all about the "great mind" of Serjeant Talfourd. There is nearly as much to "the great heart" &c.; and in the present instance, we fear that Wilson is the witness likely to be committed for attempting to bring the aforesaid "great heart" into contempt.—*N. Y. World.*

The Cincinnati *Gazette*, Radical Republican, whose editor was beaten for Congress in the late election, says: "There is no denying the *re* action against the Radical policy of making black States in the South, coupled with the most reprehensible carelessness in financial legislation."

Senator Wilson's touching twaddle about "the great heart of Abraham Lincoln," reminds us of the law student who, in consulting the index to a volume of English law reports, struck the following luminous line:

Talfourd, Serjeant J.: His great mind.

Judge Bond *refused* to admit to bail the negroes charged with the murder of young Ellermeryer, of Baltimore.

Charles Dickens will reach Boston early in November, as he is announced to sail from Liverpool in the Java on the 26th instant.

One thousand four hundred bales of cotton left Savannah on the 14th instant in a single vessel. This is the largest single shipment made since the war.

THE ELECTION—NEGRO BRUTALITY.—The election in this city yesterday was conducted with remarkable order, notwithstanding the inflammable nature of the feelings and prejudices of the negroes. Several indications of the violent spirit of Hunnicut's pupils were given; but the prompt interposition of the police and military force checked them before any serious injury had been inflicted.

The negro—who we have known to be kind, docile, imitative, and of course good-humored—under the evil pupilage of the High Priest of Destruction, with his auxiliaries, the travelling congressional orators, and other wandering disseminators of evil, has been transformed into a ferocious and overbearing monster. He will tolerate no difference of opinion, and allow none of his color to vote his own opinions. Every man must vote as the leagues tell him. Violence was offered several persons who were about to deposit the Conservative ticket in the ballot-boxes. A very large portion of the votes cast for Hunnicut yesterday were so cast under compulsion. There is, indeed, among the blacks of this city a perfect reign of terror. Hundreds who desired not to vote were afraid to stay away from the polls, and perforce wended their way thither, and cast their votes for the arch-fiend under pain of peril so great as to involve even life if they dared to vote against him. Such is the state of things in Petersburg also, and we suppose in all the cities of the State. Nothing saved this city from riot and bloodshed but the presence of the military and the precautionary measures of the commanding General.

Look at the telegram from Lynchburg, where the terrorists fell upon Horton, a negro man who voted for the Conservative ticket. He proved to be a brave and determined fellow; and though roughly used, he made his assailants pay dearly for their assault.

This is the sort of order and peace brought upon us by the universally proclaimed liberty and "manhood suffrage." There is nothing that Hunnicut prates so much about as "liberty"; yet there is nothing he appreciates less, and nothing of which his deluded followers are more profoundly ignorant. There are many hundreds of their race in this city, who are reflecting and honestly intending men, who are absolutely afraid to say their souls are their own. When will Radicalism atone for the curses it has brought upon these poor people?—*Rich. Dispatch.*

THE UPRISING OF NEW YORK.—Greeley expands himself in double leads on "the uprising of New York." From present appearances on election day it will be very much like the uprising of Ohio on immediate and universal negro suffrage. The same idea is afoot here as that which swamped Chase and Wade in Ohio, and the same forces are here in action against it.—*N. Y. Herald.*

HON. Lewis D. Campbell, of Ohio, formerly a prominent Radical member of Congress, and more recently United States Minister to Mexico, in a late speech at an interior town of Ohio, came out strongly, and even indignantly, against negro suffrage, and put himself upon the platform of Conservatism generally.

HOME CERTIFICATES

From Physicians.

We hereby certify that the Rosadalis is prepared by a Physician, who is an experienced Pharmaceutist and Chemist, and that his remedy is an efficient and reliable one in SCROFULA, Syphilis, &c., it having performed some remarkable cures in this vicinity.

Edgecombe County, N. C., May 2d, 1867.

DR. J. J. LAWRENCE—*Dear Sir*—Please send me immediately per Express to Tarboro, two dozen more bottles of your Rosadalis. I have carefully examed its Formula, and have used it in my practice in a number of cases. I am well pleased with it. I think it, beyond doubt, the best Alterative I ever used. I have tried it in several cases of Scrofula and Scrofulous Affections, &c., with much satisfaction to myself and patients. I have also used it in Secondary and Tertiary Syphilis, (one a terrible case of eight years' standing,) in which it acted with surprising and satisfactory effect—making a quick and thorough cure. I have, therefore, no hesitation in recommending it to Physicians and others, as the most reliable Alterative now known.

Respectfully yours, &c.,
A. B. NOBLES, M. D.

A Wonderful Cure of Scrofulous White Swelling.

HOME CERTIFICATE.

I hereby certify, that last September I was attacked with White Swelling of the left knee—and also with an enlargement of the glands of the neck—[one tumor reached a large size.] The swelling of the knee was enormous, and was attended with the most excruciating pains. I was so reduced that I was confined to my room over three months. My leg was so completely drawn up, that I could not bend it at all. I tried various remedies, and they failed to give me any relief. I was in this condition when I commenced taking Dr. Lawrence's Rosadalis. The swelling in the knee and neck began to subside before I took all of the first bottle. By the time I took the second bottle, the swelling of the neck entirely disappeared and that of the knee nearly so. After taking three bottles I found myself completely well—able to walk as well as ever, &c.

Wilson, May 12, 1867.

Rosadalis will cure the very worst cases of Chronic Rheumatism.

HOME CERTIFICATE.

Wilson, N. C., May 6th, 1867.

I hereby certify that I was cured of long standing Chronic Rheumatism, by taking four bottles of Dr. Lawrence's Rosadalis.

JAMES WILLIS.

Rosadalis cures Carbuncles, Boils, Pimples, &c.

Certificate from an old and much respected citizen of Greene County, now a resident of Wilson, N. C.

I hereby certify that, during the summer and fall of 1866, that I was severely afflicted with Carbuncles—having had as many as fourteen large Carbuncles, and twelve ordinary Boils. I suffered so much from them that I could not get out of the house half the time for several months. Being induced to try Dr. Lawrence's Rosadalis, I was entirely cured by the use of one bottle of that truly valuable medicine

Consumption, in its Early Stages, can be Cured.

BALTIMORE, Md., March 4th, 1867.

Dear Dr. Lawrence—My daughter having been cured of a deeply seated disease of the lungs by your "Rosadalis," I feel it my duty to make the fact known to you for the benefit of others. She suffered nealy two years with a hard cough, which troubled her day and night; at last the emaciated form, glossy eye, night sweats, together with the cough, told too plainly that it was *Consumption*, beyond question, eating at her vitals. Our Physician's remedies brought no relief. She was advised to try your Rosadalis as a tonic—which she did—imagine my surprise and gratification, when I found her appetite returning. Slowly she regained her strength, her cough and night sweats gradually ceased, and she is now, after taking five bottles of your medicine, apparently as well as ever.

Yours respectfully,
Mrs. E. ANN SMITH.

Rosadalis cures all Skin Diseases.

Salt Rheum Cured! Remarkable Cure!!

DR. LAWRENCE, Wilson, N. C.:

My Dear Sir—For the last ten years (until recently) I suffered with an inveterate eruption of the skin—called by physicians "Salt Rheum," with which I suffered terribly; the pain and itching was almost intolerable. I tried several of the best physicians in Europe and this country—have visited several celebrated Springs—spent thousand of dollars—and failed to get any better. In December 1866, being in Charleston S. C., I was told by a gentleman at the hotel, that he had been cured of a bad letter by a medicine called "Rosadalis." I resolved to try it, without any hope though of its doing me any good. I procured a bottle of Messrs. King & Cassiday, and commenced taking it. Finding, to my surprise, that I was improving, I bought four other bottles; but before commencing on the last two, I found I was completely well—the disease having entirely disappeared.

Enclosed find "One Hundred Dollars," which please accept as a token of my gratitude. Why do you not make your invaluable Rosadalis widely known?

Your sincere friend,
W. T. SELTZER.

Major John W. Dunham, one of the editors of the Wilson "North Carolinian," says in the issue of the 20th April, 1867: "I believe from personal experience, that the Rosadalis is the finest tonic ever prepared."

Now a few words to my customers and friends: You see a great many different styles of advertisements. Some say they are in "luck again;" some say they have "hit the nail on the head;" some "selling out at cost;" some to "make room for a new stock;" some one thing and some another. But allow me to say, whether I am in luck, or whether I hit the nail on the head, or whether I missed the nail entirely, or failed to advertise "selling out at cost," *I have sold out my old stock*, (while they are still hammering away over their old stocks,) and have been North and bought a new stock. My goods are now in Store, and opened for inspection.

COME AND LOOK AT THEM.

I told my customers, six months ago, that I would sell goods as cheap as Yankee, Jew or Gentile, and I think I have made my word good.

I told the people to come to Creech's to buy their goods, that I would serve them right. Hundreds have come, and they are still coming from this and adjoining Counties. And I here take the privilege to say, I think they have shown their good judgment.

JAPANESE JOINERS AND THEIR TOOLS.

The Japanese calling themselves the *Hayatakee* troupe are fitting up the stage of the Metropolitan Theatre in the similitude of a Japanese temple, for the exhibition of their feats of strength and legerdemain.—They are said to be all of one family, and the very carpenters who are doing the joiner work are members of that family. Japanese carpenters have an advantage over American mechanics, in the fact that they have four hands instead of two, their toes being nearly as handy as their fingers. But they gain nothing by it, because they make no use of work benches or vices. If a Japanese carpenter wants to sharpen a saw, he squats on his hams, places the back of the tool to be operated on the ground, grips one end of the saw with his left hand, seizes the other with the toes of his right foot, and goes to work with as much confidence as a Yankee carpenter at a bench. Their tools are not like American tools, though they have a faint similarity, showing that all tools have one common parentage, whether their inventor was Tubal Cain or some other officer. All Japanese saws are shaped like butcher's cleavers. The handle is like the handle of a cleaver, but flattish, as if whittled out of a piece of inch board, the metal shank of the saw is driven into that handle, and the whole is secured by being wrapped with fine split cane. The metal of the saw is about the substance of our saws, but the teeth are narrower, giving more of them to an inch, and much longer. They are all pointed towards the handle and cut the wood like so many hooks. When a Japanese wants to rip a plank, he places it across anything which will elevate the end a few inches, then stands on the wood and cuts it by seizing the cleaver-looking saw in both hands and pulling it towards him. Thus, by a number of short, quick, up strokes, he gets through a plank not so speedily, but quite as effectively as an American carpenter would with the long, slow, down stroke of the rip saw.—The planes are small, with single irons, no handles. The planes are shorter, lighter, and the wood shallower than ours, being generally not more than an inch deep. To plane a piece of wood they lay it on the ground, squat on their hams, hold it fast with their toes, and work the plane with both hands towards them. To drill a hole they have a short awl, inserted in the end of a round stick eight or nine inches long.—They take the wood between their toes, squat as before, and make the hole by rubbing the handle of the awl between their hands in less time than one of our carpenters could drill one with a gimblet. Their hammers are solid cylindrical pieces, not made shapely with waists and graceful outline like ours. They have the same flat-sided handles as the saws. The Japs have iron squares, not unlike American squares, marked with degrees. Their measures are brass, very light, and fluted. On one side the inch, or what stands for the inch with us, is 1 3-16 inches, and divided into ten parts. On the other side is a different scale, measuring 1 13-16 inches, and divided into twelve parts. Some of their tools appear to be mere children's toys; for instance, they have a smoothing plane 2½ inches long, 1 inch broad and half an inch thick. Their chisels are light and small. The cutting parts of some are the size and shape of a section of a half a dollar—the square side being the cutting edge, and a round metal shaft connecting the convex side with a wooden handle. The most ingenious article in their tool chest is a chalk line. It is a wooden cup containing a spongy substance steeped in Indian ink. This is pierced front and back, and the marking line passes through it. The end of the line is attached to a small awl; the other end of the line, after passing through the cup, is wound round a reel not unlike a fishing rod reel, which takes the place of the handle of the cup. To mark a line down a plank, the Japanese carpenter sticks the awl in at one end of the proposed line, carries the cup to the other, the line paying itself out as he does so; he holds the line down to the board when he reaches the desired spot, strikes the mark, and then takes up his cup and reels up the line as he walks back to the spot where he inserted the awl. The process of paying out the line and of reeling it up again both draw it through the ink supply in the cup and keep it ready for action.

There's our grandmother, says a cotemporary, a striking instance why women should not vote. She's paid taxes on a dog for the last ten years, and now declares she won't stand it any longer—she'll either vote or kill the dog!

A Louisiana exchange announces that it has "secured the services of one of the best collectors in the parish." Gratifying to its patrons, no doubt.

HEADQ'RS SECOND MILITARY DIST.,
CHARLESTON, S. C., Oct. 18, 1867.

General Orders No. 101.

By the terms of the Act of Congress entitled "An Act to provide for the more efficient government of the rebel States," passed March 2d, 1867, and of the Acts of March 23d, and July 19th, 1867, supplementary thereto, it is made the duty of the Commanding General of this Military District to cause a registration to be made of the male inhabitants of the State of North Carolina, of the age of twenty-one years and upwards and qualified by the terms of said Acts to vote, and after such registration is complete, to order an election to be held at which the registered voters of said State shall vote for or against a Convention, for the purpose of establishing a Constitution and civil government for the said State, loyal to the Union, and for delegates to said Convention—and to give at least thirty days' notice of the time and place at which said election shall be held; and the said registration having been completed in the State of North Carolina, it is ordered:

First, That an election be held in the State of North Carolina, commencing on Tuesday, the 19th day of November, 1867, and ending on Wednesday, the 20th day of November, 1867, at which all registered voters of said State may vote "For a Convention," or "Against a Convention," and for delegates to constitute the Convention—in case a majority of the votes given on that question, shall be for a Convention, and in case a majority of the registered voters shall have voted on the question of holding such Convention.

Second. It shall be the duty of the Boards of Registration in North Carolina, commencing fourteen days prior to the election herein ordered, and giving reasonable public notice of the time and place thereof, to revise for a period of five days the registration lists, and upon being satisfied that any person not entitled thereto has been registered, to strike the name of such person from the list; and such person shall not be entitled to vote. The Boards of Registration shall also, during the same period, add to such registers the names of all persons who at that time possess the qualifications required by said Acts—who have not already been registered.

Third. In deciding who are to be stricken from or added to the registration lists the Boards will be guided by the law of March 2d, 1867, and the laws supplementary thereto, and their attention is specially directed to the Supplementary Act of July 19th, 1867.

Fourth. The said election will be held in each County or District at such places as may hereafter be designated, under the superintendence of the Boards of Registration as provided by law, and in accordance with instructions hereafter to be given to said Boards in conformity with the Acts of Congress and as far as may be with the laws of North Carolina.

Fifth. All Judges and Clerks employed in conducting said election shall, before commencing to hold the same, be sworn to the faithful performance of their duties, and shall also take and subscribe the oath of office prescribed by law for officers of the United States.

Sixth. The polls shall be opened at such voting places at eight o'clock in the forenoon and closed at four in the afternoon, of each day, and shall be kept open during these hours without intermission or adjournment.

Seventh. No member of the Board of Registration, who is a candidate for election as a delegate in the Convention, shall serve as a Judge of the election in any County or District which he seeks to represent.

Eighth. The Sheriff and other peace officers of each County are required to be present during the whole time that the polls are kept open, and until the election is completed; and will be made responsible that there shall be no interference with Judges of elections, or other interruption of good order. If there should be more than one polling place in any County, the sheriff of the County is empowered to make such assignments of his deputies, and other peace officers, to the other polling places, as may, in his judgment, best subserve the purposes of quiet and order; and he is further required to report these arrangements in advance to the Commander of the Military Post in which his County is situated.

Ninth. Violence, or threats of violence, or of discharge from employment, or other oppressive means to prevent any person from registering, or exercising his right of voting, is positively prohibited, and any such attempts will be reported by the Registrars or Judges of elections to the Post Commander, and will cause the arrest and trial of the offenders by military authority.

Tenth. All bar rooms, saloons, and other places for the sale of liquors by retail, will be closed from 6 o'clock of the evening of the 19th of November, until 6 o'clock of the morning of the 21st of November, 1867, and during this time the sale of all intoxicating liquors at or near any polling place is prohibited. The police officers of cities and towns, and the Sheriffs and other peace officers of Counties, will be held responsible for the strict enforcement of this prohibition, and will promptly arrest and hold for trial all persons who may transgress it.

Eleventh. Military interference with elections "unless it shall be necessary to repel the armed enemies of the United States, or to keep the peace at the polls," is prohibited by the Act of Congress approved February 25th, 1865, and no soldiers will be allowed to appear at any polling place, unless as citizens of the State they are qualified and are registered as voters, and then only for the purpose of voting; but the Commanders of Posts will keep their troops well in hand on the days of election, and will be prepared to act promptly if the civil authorities are unable to preserve the peace.

Twelfth. The returns required by law to be made to the Commander of the District of the results of this election, will be rendered by the Boards of Registration of the several registration precincts through the Commanders of the Military Posts in which their precincts are situated, and in accordance with the detailed instructions hereafter to be given.

Thirteenth. The number of delegates to the Convention is determined by law and is the number of members of the most numerous branch of the Legislature for the year eighteen hundred and sixty, and this number, one hundred and twenty, is apportioned to the representative Districts of the State in the ratio of registered voters as follows:

RAILROADS.

ATLANTIC & N. C. RAILROAD
AND
NORTH CAROLINA
GRAND TRUNK RAILROAD,

From Charlotte and all Points on the N. Carolina and its Connecting Railroads, to the Seaboard at Newbern and Morehead City.

THE STATE OWNS THREE-FOURTHS OF the North Carolina Railroad and three-fourths of the ATLANTIC & N. C. Railroad. This is the

STATE LINE,

To its OWN SEAPORTS and on its OWN ROADS. All other lines are in opposition.

A six per cent dividend on this line will save the people from taxation $200,000 per annum.

Under a resolution of the stockholders of the N. C. Railroad, all Freights are to go on Goldsboro', unless otherwise specially directed by shippers.

When at Goldsboro', you are only *sixty* miles from the shipping point, instead of one hundred and *sixty* on Weldon, and shorter via Wilmington. Our Steamers are equal to any other line, both for Freight and Travel. Time as short as by any other, and as cheap.

THIS is the Line

To ENCOURAGE. You get dispatch, safety, but one handling, and less Railroad transportation than by any other line.

Three-fourths of the PROFITS made on this line go directly into the STATE TREASURY, and if encouraged, you will soon be relieved from heavy taxation at least two hundred and ninety-five thousand dollars.

The Railroads composing the N. C. GRAND TRUNK RAILWAY LINE are presently agreed to unite in a

GREAT THROUGH LINE

Route to all the Northern Markets, on equal terms and charges, via our own ports to and from the North.

Cars run through to all points without breaking bulk.

For information about shipping, apply to Messrs.

WHEDBEE & DICKINSON, Baltimore.

Notice to Shippers of Freight.

THE SEABOARD INLAND AIR LINE

Via Portsmouth, Va.,

IS THE ONLY DIRECT LINE BETWEEN Boston, New York, Philadelphia, Baltimore and the Carolinas.

It is express in point of speed and safety of Freights, being from

FORTY TO SEVENTY HOURS

in advance of all other lines, and at as low rates. It offers daily communication with Baltimore, daily communication with Philadelphia.

Five Steamers each week to and from New York.

Two Steamers each week to and from Boston.

It is the only line having these advantages, and by which there is but one handling of freight.

Cars are loaded at the wharves in Portsmouth and are run through to destination.

Be careful to direct your Consignees to ship only

From Baltimore, by the Norfolk or Bay Line Steamers, foot of Union Dock.

From Philadelphia, by the Annamessic Line, Philadelphia, Wilmington and Baltimore Depot, or by Clyde's Line, 14 South Delaware Avenue.

From New York, by the Old Dominion Steamship Line, Pier 37 North River.

From Boston, by the Norfolk Steamship Line, end of Central Wharf.

All losses, damages, or overcharges promptly adjusted on application to

JAS. McCARRICK,
Trace Agent, Portsmouth, Va.

Have your freight marked, Via Portsmouth, Va., and in shipping to Philadelphia, marked Via Clyde's Line, or Via Annamessic.

THE OLD RALEIGH & GASTON RAIL ROAD, THE SHORTEST, QUICKEST, SAFEST AND BEST LINE, NORTH AND SOUTH, TO BE LEFT OUT IN THE COLD, UNLESS SHIPPERS SPECIALLY SAY VIA. R. & G. R. R.!

WE inaugurated and are the *Great through Inland Air Line Route* to all the Northern Markets, and have successfully worked the Line to the entire satisfaction of Shippers, North and South, for the last ten years, as the *ten Thousand* Shippers in North and South Carolina will testify. We paid the State near Seven Hundred Thousand Dollars for her interest in this Road—thereby saving the people from Taxation for all time to come $40,000 per year; and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line.

A Cheap Cotton Press.

FARMERS, BEFORE YOU BUY A PRESS OR build a screw, enquire into the merits of the

GODWIN COTTON PRESS.

Hear what the following reliable gentlemen say:

I have seen Mr. J. H. Godwin's Cotton Press work at Mr P. E. Smith's plantation, and it does all that he says it does in his advertisement, and more. I think it superior to any other mode of packing Cotton, and saves both time and labor.

W. R. SMITH.

I have used the above mentioned Press, and consider it the best I ever saw for packing Cotton.

THOS. J. VAUGHAN.

I have packed about 100 bales of Cotton with Mr. J. H. Godwin's Cotton Press, and take pleasure in recommending it to the farmers as a great labor-saving machine. It does not cost more than half as much as a Screw, and is worth twice as much.

It is so convenient, and takes fewer hands to do as much work as a Screw. I would pay the price of a Press rather than allow a man to put up a screw on my place for nothing.

D. EDMONDSON.

I have used the above mentioned Cotton Press, and it does better than a Screw. Takes less hands, does not waste Cotton, and is much cheaper

J. H. CURRY,
Sup't W. H. Smith's Plantation.

I have packed about 70 bales with Godwin's Cotton Press, and am certain it is the best, cheapest, most compact and durable Press in existence, costing only half, at first, and lasting twice as long as a screw.

PETER E. SMITH.

I have never seen the Cotton Press of Mr. Jno. H. Godwin at work, but have no doubt, from the certificates of the gentlemen above, that it performs all they say of it. I know them to be gentlemen of character and veracity, and that their statements are entitled to credit.

RICHARD H. SMITH.

The last name is one of our most honorable and respectable citizens, well known as a former member of the Legislature. I offer this PRESS as combining more advantages for packing than any now in use; it is adapted to large or small farms, and is as simple and cheap, that any good mechanic can build it. It is well adapted to

WATER-POWER.

It is 10 or 11 feet wide, 3 feet and 3 inches thick; top of frame above ground, 16 feet; highest point of lever, 18 or 19 feet. The platform on which the bale is turned out, is 10 feet above ground.

Length of box, 10 feet in the clear.
Length of bale 5 feet, by 2 feet 4 inches. Weight 500 or 600 lbs. It is put up flat against the Lint Room, thereby preventing the scattering of the Cotton and need of baskets.

The Press is chiefly built of scantlings.

The inventor has spared no pains in his experiments to make it practicable, convenient and cheap. I charge

$25 for a Single Right.

The total cost, including cover and everything, is about $150. Much of that, farmers are not in the habit of including as cost.

I think I can sell County rights at about $10 by the hundred.

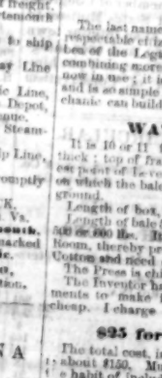
THE FIRE EXTINGUISHER.

This Portable, Self-Acting Fire Engine



IS OFFERED TO THE

Public as a ready, certain

and speedy means of preventing

LARGE CONFLAGRATIONS.

Until the invention of the

Portable, Self-Acting Fire Engine,

Fires have been met by means too slow, too late and too cumbrous. But few persons in this country have the advantage of large hand or Steam Fire Engines, and those few often suffer a total loss of their property by reason of the great length of time consumed in sending for and getting them into working order.

BUT NOT SO WITH THE FIRE EXTINGUISHER,

which, being kept charged and standing in your House, Store or Factory, is always

Ready for Instant Service.

The fire can be extinguished and your property saved without loss or damage, or even an alarm of Fire.

The first few minutes of conflagration decide the fate of the property; "a little fire" is quickly put out, which, being suffered, rivers cannot quench.

THE EXTINGUISHER, being very simple in its operation, and entirely self-propelling, requires no previous skill or practice to operate it, and being so light, portable and self-acting, is capable of being used in any place, by any person, male or female.

It puts out all fires, arising from whatever cause.

You are saved from the immense water damage caused by large Engines.

You can effect insurance on your property

At Lower Rates,

if protected by the Extinguisher.

The Extinguisher is no humbug, as thousands of good men in Europe and America will testify. I have already put these little Engines into some of our best Factories and largest Schools in N. C.

No House, Store, Factory or Corporation is safe without them.

The price is as nothing, compared with the protection they afford.
